远东股份
股票代码:600869

远东智慧能源股份有限公司（股票名称“远东股份”，股票代码“600869”）是远东控股集团有限公司控股子公司，聚焦智能缆网、智能电池、智慧机场三大产业，致力于成为全球领先的智慧能源、智慧城市服务商。远东股份现拥有博士后科研工作站、院士专家工作站、江苏省企业研究生工作站、国家级企业技术中心、国家级认可实验室、江西省锂电池工程研究中心等多个科研基地，服务超100家世界500强客户，超300家中国500强客户，业务覆盖160余个国家和地区，超3000万用户。

远东股份始终以“创造价值，服务社会”为使命，秉承“以客户为核心、以奋斗贡献者为本，梦想激情、诚信务实、创新创优、自我批判、和灵共赢”的核心价值观，致力于为客户提供及时极致的产品和服务，共建共享安全、绿色、美好生活，誓愿为万家灯火及幸福人生保驾护航。

Far East Smarter Energy Co., Ltd. (Stock Name "Far East", Stock Code "600869") is a holding subsidiary of Far East Holding Group Co., Ltd. After five reforms and six leaps, Far East Smarter Energy focuses on smart cable products, smart battery and smart airport industries. We are committed to becoming the world's leading smarter energy, smart city service provider. The company has Post-doctoral Research Workstation, Academician Expert Workstation, Jiangsu Province Enterprise Graduate Workstation, National Enterprise Technology Center, National Accreditation Laboratory, Jiangxi Province Lithium Battery Engineering Research Center and other Scientific Research Bases. We have served over 100 Global 500 enterprises and 300 top 500 Chinese enterprises. Our business covers over 100 countries and regions with more than 30 million users.

Far East Smarter Energy always adheres to the mission of "Create Value Benefit Society" and the core value of "Focusing on Customers, Centering on Staff Excellent in Both Quality and Performance, Ambitious and Passionate, Honest and Pragmatic, Pursuing Innovation and Excellence, Self-reflective, Achieving Harmony and Win-Win". It is committed to becoming a global leading smarter energy, smarter city service providers that loved by employees and respected by the society. By providing timely and extreme products and services, sharing security, green, good life, we swear to guard all the families and happy lives across the world.

公司是中国综合实力位居前列的电线电缆制造企业，专业从事电线电缆产品研发、设计、制造、营销与服务，荣获行业“全国质量奖”、“中国企业500强”、“中国品牌100强”，公司拥有博士后科研工作站、院士专家工作站、江苏省企业研究生工作站、国家级企业技术中心、国家级认可实验室等。产品广泛应用于特高压电网、电力、交通、建筑、工业、新能源、海洋工程、军工等领域，年产销近200亿元，为用户提供高品质线缆产品和技术服务。

Far East Cable is a wire and cable manufacturing enterprise with the highest comprehensive strength in China. It specializes in the R&D, design, manufacturing, marketing and services of wire and cable products; and has won the "National Quality Award", and been listed in the "Top 500 Enterprises of China" and "Top 100 Chinese Brands" in the industry. The company has Postdoctoral Scientific Research Workstation, Academician Expert Workstation, Jiangsu Corporation & Postgraduate Workstation, National Corporation Technical Center, National Recognized Laboratory and other scientific research bases. Its products are widely used in UHV power grid, electricity, transportation, construction, industry, new energy, marine engineering, military and other fields, with an annual production and sales of nearly RMB 20 billion, providing high-quality cable products and technical services for customers.

安徽电缆股份有限公司（简称：安缆）创建于1991年，先后被认定为国家高新技术企业，国家级专精特新“小巨人”，安徽省线缆行业首家省级数字化车间和省级智能工厂，安徽省信息化和工业化融合示范企业和拥军示范企业；其中，“华龙一号1E级严酷环境下电缆”获得中国核能行业协会科学技术奖和安徽省科学技术奖二等奖。安缆拥有核电和军工领域最高等级资质，是安徽省唯一一家同时具备核电全系列资质和军品配套的企业，全国目前仅有两家；同时，安缆也是中核集团最高等级核电供应商，是“华龙一号”三代核级电缆领域标杆企业、中国特种电缆领军企业；公司主要经营核电站用1E级和非1E级中、低压电力电缆、控制电缆、仪表电缆，35kV及以下交联聚乙烯绝缘电力电缆，各类阻燃、耐火、低烟无卤、低烟低卤、本质安全型电缆，硅橡胶、聚四氟等高温特种电缆，变频器专用屏蔽电缆、风能电缆、光伏电缆、橡胶套电缆、轨道交通电缆、舰船电缆以及军品电缆等系列全规格高品质线缆产品。

Anhui Cable Co., Ltd. (referred to as Anxian) was founded in 1991 and has been recognized as a national high-tech enterprise, a national level specialized and innovative "little giant", the first provincial-level digital workshop and intelligent factory in the cable industry in Anhui Province, and a demonstration enterprise for the integration of informatization and industrialization and military support in Anhui Province; The "Hualong No. 1 Class 1E cable under severe environment" won the China Nuclear Energy Industry Association Science and Technology Award and Anhui Province Science and Technology Award Second Prize. An cable has the highest level of nuclear power and military qualification, is the only one in Anhui Province with a full range of nuclear power product qualification and military supporting enterprises, there are only two in the country; at the same time, An cable is also the highest level of nuclear power supplier of China National Nuclear Corporation (CNNC), "Hualong 1" third-generation nuclear-grade cables in the field of the benchmark enterprise, China's leading special cable enterprises; the company mainly produces and operates nuclear power plants, nuclear power plants and other nuclear power equipment. The company mainly produces and operates 1E grade and non-1E grade medium and low-voltage power cables, control cables, instrumentation cables for nuclear power plants, cross-linked polyethylene insulated power cables up to 35kV, all kinds of flame-retardant, fire-resistant, low-smoke, low-smoke and low-halogen cables, intrinsically safe cables, high-temperature special cables such as silicone rubber, PTFE, special shielded cables for frequency converters, wind power cables, photovoltaic cables, rubber cables, Railway transportation cables, ship cables and military cables and other series of high-quality wire and cable products with full specifications.

远东新材料有限公司地处长三角经济圈的千年陶都宜兴市，注册资金5千万元，占地面积50000平方，是远东智慧能源股份有限公司（股票代码：600869）全资子公司。公司致力于研发和生产线缆用高分子新材料，主要有聚氯乙烯绝缘料，聚氯乙烯护套料，聚氯乙烯阻燃料，10~35KV过氧化物交联聚乙烯绝缘料，1KV硅烷交联绝缘、架空料，低烟无卤阻燃电缆护套料和绝缘料等系列产品，是追求质量与品牌企业的首选。自创办以来，公司已通过ISO9001质量管理体系认证；拥有国内外先进的生产设备和检测设备，其中拥有先进流水线14条，年产能能力达到5亿元的规模。公司坚持“全心全意为客户服务的宗旨”，发扬“永不满足，追求卓越”的企业精神，立足产品节能环保和安全，以创新和服务市场为导向，不断为电力建设发展和科技进步作出重要贡献，致力于在所经营的领域取得世界领先地位。

Situated at Yixing City, the Pottery Capital of China, in the Yangtze River Delta Economic Circle, Far East New Materials Co., Ltd. covers an area of 50,000 square meters with a registered capital of RMB 50 million. It is a wholly-owned subsidiary of Far East Smarter Energy Co., Ltd. (stock code: 600869). The company is committed to the research and production of polymer new materials for cables, mainly including polyvinyl chloride insulation materials, polyvinyl chloride sheath materials, polyvinyl chloride flame retardant materials, 10~35KV peroxide cross-linked polyethylene insulation materials, 1KV silane cross-linked insulation, overhead materials, low smoke halogen-free flame-retardant cable sheath materials and insulation materials, and other series of products. It is the first choice for enterprises pursuing quality and brand. Since its establishment, the company has passed the ISO9001 quality management system certification; We have advanced production and testing equipment both domestically and internationally, including 14 advanced assembly lines, with an annual production and sales capacity of 500 million yuan. The company adheres to the principle of "wholeheartedly serving customers" and carries forward the corporate spirit of "never satisfied, pursuing excellence". Based on product energy conservation, environmental protection, and safety, guided by innovation and market service, the company continuously makes important contributions to the development of power construction and technological progress, and is committed to achieving a world leading position in the field it operates in.

远东通讯有限公司成立于2018年，致力于G.652、G.657及超低损耗大有效面积G.654光纤预制棒、光纤及各类型号光缆产品的研发、制造和销售，预制棒光纤光缆全产业链项目计划总投资30.2亿人民币，规划用地为680亩，项目全面达产后，可年产1500吨光纤预制棒、5000万芯公里光纤、5000万芯公里光缆以及100吨特种光纤预制棒、300万芯公里特种光纤。

Far East Communications Co., Ltd., founded in 2018, is committed to the research and development, manufacturing and sales of G.652, G.657 and super low loss large effective area G.654 optical fiber preform, optical fiber and various types of cable products. The planned total investment of the prefabricated optical fiber cable whole industry chain project is 3.02 billion Yuan. And the planned land use is 4.53million m2. After comprehensive production, the annual output of optical fiber preform, optical fiber, optical cable, special optical fiber preform and special optical fiber will be 1500 tons, 50 million km, 50 million km, 100 tons and 3 million km accordingly.

远东海缆有限公司成立于2022年3月，公司投资30亿元，在江苏如东洋口港经济技术开发区建设高端海工海缆产业基地。基地占地400亩，建成后形成年产光电复合海底电缆及特种海底电缆2,000公里、海底光缆6,000公里、各类电缆附件2.7万套及工程服务，该项目已成功入选江苏省2023年重点项目清单。远东海缆有限公司将朝着行业首家灯塔工厂的目标坚实迈进。

Far East Submarine Cable Co., Ltd. was established in March 2022 with an investment of 3 billion Yuan. We build a high-end submarine cable industrial base in Yangkou Port Economic and Technological Development Zone, Rudong, Jiangsu Province. The base covers an area of 0.267 million m², and has the production capacity of 2,000 kilometers of photoelectric composite submarine cable and special submarine cable, 6,000 kilometers of submarine optical cable, and 27,000 sets of various cable accessories and engineering services. The project has been successfully selected into the list of key projects in Jiangsu Province in 2023. Far East Submarine Cable Co., Ltd. will move firmly towards the goal of the industry's first lighthouse factory.

主要产品

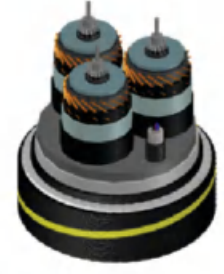

Main products

海缆：AC 10kV~500 kV交流海缆、DC ±160kV~±535 kV直流海缆
Submarine cable: AC 10kV~500 kV AC Submarine cable, DC ±160kV~±535 kV DC Submarine cable

陆缆：AC 10kV~500 kV交流陆缆、DC ±160kV~±535 kV直流陆缆
Land cable: AC 10kV~500 kV AC land cable, DC ±160kV~±535 kV DC land cable

海光缆：光单元、无中继海光缆、观测网海光缆
Submarine optical cable: optical unit, Unrepeater submarine cable, Ocean observation submarine cable

电缆附件：AC 10kV~500 kV交流海/陆缆附件、海缆抢修接头、DC ±160kV~±535 kV 直流海/陆缆附件、海缆抢修接头
Cable Accessory: AC 10kV~500 kV AC land cable accessories, AC submarine cable emergency repair joint, DC ±160kV~±535 kV DC land cable accessories, DC submarine cable emergency repair joint

远东电气是远东股份在工业级行业领袖地位基石上，向贴近消费者做有温度的消费品牌迈出的又一关键战略。2021年，远东股份将家居布电线业务独立运营，成为行业首个将布电线业务剥离运营的线缆制造商，以更专注的姿态聚焦细分市场，打造电气领域一流的消费级品牌，致力于成为全球智慧用电专家。

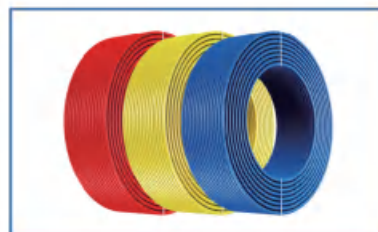

Far East Electric is another key strategy for Far East Smarter Energy to become a hot consumer brand close to consumers on the basis of its position as an industrial industry leader. In 2021, Far East Smarter Energy operates its home wiring business independently, becoming the first cable manufacturer in the industry to divest its wiring business, focusing on market segments with a more focused attitude, creating a first-class consumer brand in the electrical field, and committing itself to becoming a global expert in smart electricity.

省心省电系列产品 (Reassuring & Economical Series Products)

爱芯传承 高安全百年电线 (High Security Wire that can be used for over 100 years)
双层绝缘、A级高阻燃、安全百倍、**长寿命、百年无忧、安芯守护162年**
应用场景：重大工程、超高层建筑、高端家装等重要场合

Double insulation, Class A high flame retardant, extreme safety, **long life, safely protect for 162 years**
Suitable situations: Major projects, super high-rise buildings, high-end home decoration and other important occasions

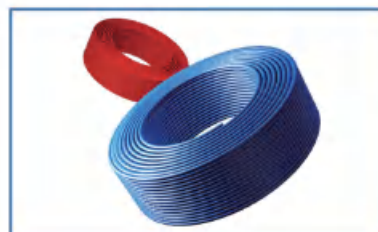

真芯守护 高安全长寿命电线 (High-safety and Long-life Wire)
低烟无卤、无毒无害、过载能力强、**B1级高阻燃、安芯守护80年**
应用场景：地铁、学校、体育馆、超高层建筑等人群密集 高安全、高要求场合

LSHF, non-toxic and harmless, strong overload capacity, **B1 level high flame retardant, safely protect for 80 years**
Suitable situations: Subway, schools, gymnasiums, super high-rise buildings and other crowded, high safety, high demand occasions

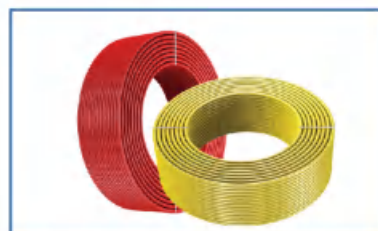

善芯厚缘 安全环保电线 (Safe and Environmental Friendly Wire)
绿色环保、无毒无害、**低烟无卤阻燃、安芯守护70年**
应用场景：中高端家装、商场、超市、博物馆、高层建筑等场合

Green and environmental protection, non-toxic and harmless, **low smoke halogen-free flame retardant, safely protect for 70 years**
Suitable situations: Middle and high-end home decoration, shopping malls, supermarkets, museums, high-rise buildings and other occasions

美好品质 安全节能电线 (Safe and Energy Saving Wires)
高品质、安全节能、优于国标、**防击穿、安芯守护50年**
应用场景：家庭装修、宾馆、楼宇、办公场所等场合

High quality, safety and energy saving, better than national standards, **anti-breakdown, safely protect for 50 years**
Suitable situations: family decoration, hotel, buildings, office and other occasions

惠民优选 定制安全环保电线
(Whitman Preferred Customised Safe and Environmentally Friendly Electrical Wires)
多元化定制、场景选择、注重产品体验、**惠及更多客户、安芯守护50-162年**
应用场景：多元化定制装修，全场景满足

Diversified customisation, scene selection, focusing on product experience, **benefiting more customers, safely protect for 50-162 years**
Suitable situations: Diversified Customised Decoration, Full Scenario Satisfaction

APPLAST™

爱普高分子技术宜兴有限公司 (APPLAST) 坐落于中国江苏省宜兴市，风景优美，交通便利。公司主要利用北美授权技术生产各种高分子，服务于多样化的市场。公司主要经营范围涉及TPV, TPE等热塑性弹性体及 EVM, NBR, EPDM, CPE 等热固混炼胶。APPLAST拥有先进的140mm往复螺杆混炼生产线，75mm同向双螺杆混炼生产线，两套马赫全自动纠错配混系统，两套益阳中化 83L 密炼、过滤、开炼、水冷、切片系统。两套110升大连华韩捏炼、过滤、开炼、水冷、切片系统。多套75升、55升捏炼样品加工系统，日加工能力超100吨。公司现有技术研发人员20名，专业涉及材料学、高分子物理及机电自动化。公司拥有全球范围内较为全面的高分子配方库，实验及工业配方达 2500 多种，涵盖工业各个方面。

APPLAST is located in Yixing City, Jiangsu Province, China, with beautiful scenery and convenient transportation. APPLAST mainly uses North American authorized technology to produce various polymers to serve diversified markets. Its main business scope covers thermoplastic elastomers like TPV and TPE and thermosetting mixed compounds like EVM, NBR, EPDM and CPE. APPLAST has an advanced mixing production line with 140mm reciprocating screw, a mixing production line with 75mm co-rotating twin screw, two Mach-level fully automatic error correction mixing systems, two 83L systems for banburying, filtering, mixing, water cooling and slicing provided by Yiyang Sinochem, two sets of 110L systems for kneading, filtering, mixing, water cooling and slicing provided by Dalian Huahan Rubber & Plastic Machinery Co., Ltd., and several sets of 75L and 55L systems for kneading sample processing. By virtue of these equipment, APPLAST boasts a daily processing capacity of over 100 tons. The company currently has 20 technical research and development personnel, specializing in materials science, polymer physics and electromechanical automation. APPLAST has a comprehensive polymer formula library worldwide, with more than 2,500 kinds of experimental and industrial formulas covering all aspects of industry.

主要产品

Main Products

APPREN®IC1035 35kV绝缘材料
APPREN®IC1035 35kV insulation material

APPREN®IR 201 (202) FR 美标机车车辆线绝缘/护套材料
APPREN®IR 201 (202) FR wire insulation/sheath material for American standard locomotive

APPREN®IC1010 10kV绝缘材料
APPREN®IC1010 10kV insulation material

APPREN®JC 206FR 矿用护套材料
APPREN®JC206FR mining sheath material

APPREN®IC1011 船缆绝缘材料
APPREN®IC1011 cable insulation material for ship

APPREN®SCW-101 半导体外 (内) 屏蔽材料
APPREN®SCW-101 semi-conductive outer (inner) shielding material

APPREN®XJ30B-SC 风电用乙丙绝缘
APPREN®XJ30B-SC ethylene propylene insulation material for wind power

APPREN®XH30B-LT 风能CPE护套
APPREN®XH30B-LT wind energy CPE sheath

天津中翔腾航科技股份有限公司位于天津市东丽区, 2012年10月成立, 2016年12月22日在全国中小企业股份转让系统(新三板)正式挂牌, 股票代码: 870183。公司致力于工业级无人机系统的研制, 为无人机行业客户(政府、事业单位、企业)提供专业的无人机系统、服务及培训。产品已广泛应用于电力、警用、消防、海监、农业、林业、应急、测绘等众多领域, 目前客户已经遍布全国十余个省市。

Tianjin Toaero Technology Co., Ltd is located in Dongli District of Tianjin City. It was established in October 2012. On December 22, 2016, it was officially listed in the National Small and Medium-sized Enterprise Share Transfer System (New Third Board). The stock code is 870183. The company is committed to the development of industrial UAV systems, providing professional UAV systems, services and training for UAV industry customers (government, institutions, enterprises). Products have been widely used in electric power, police, fire control, maritime surveillance, agriculture, forestry, emergency, surveying and mapping and many other fields. At present, customers have spread over more than ten provinces and cities in the country.

02/ 智能电池 Smart Battery

● 远东电池有限公司
Far East Battery Co., Ltd.

● 远东铜箔有限公司
Far East Copper Foil Co., Ltd.

远东电池

远东电池初创于2009年，是远东智慧能源股份有限公司（股票代码：600869）的全资子公司，主营业务涵盖储能、轻出行、电动工具、智慧家居等版块。公司是拥有锂电池、模组、系统集成等核心生产环节的垂直一体化生产商，致力于为客户提供高安全、长寿命、高倍率、高比能、高可靠性的产品及绿色解决方案，并可为客户提供定制化产品及解决方案。

Far east battery, founded in 2009 as a wholly-owned subsidiary of FESC(stock code:600869), is mainly engaged in the R&D, production and after-sale service of LIB (Li-ion battery) products applied to ESS, E-bikes, electric power tools, smart homes, etc. With its battery products ranging from cells, modules, packs to container energy storage system, FEB dedicates to providing customers with tailored green energy solutions characterized with sound safety performance, long service life, large power, high specific energy and outstanding reliability.

注册资本：**7.9**亿元，总投资：**106**亿元，

员工：**1000**余人，其中，研发人员：**200**余人，

知识产权及专利：**100**余项，

累计实现电动汽车总装机量超**80000**台，电动自行车销量超**300**万辆

累计为**30000**户家庭提供储能产品及服务

Registered capital: **790** million CNY; Total Investment: **10.6** billion CNY;

Staff: **1000+**; more than **200** are R&D personnel.

Intellectual property rights and Patents: more than **100**;

Total installed capacity of EV exceeds **80,000** units, and the sales volume of e-bike exceeds **3** million units.

Provided BESS products and services for **30000** households.

远东铜箔成立于1986年，在江苏泰兴和四川宜宾设立两大生产基地，专注于生产高精度超薄锂电铜箔，规划总产能达7.5万吨，主要用于高性能动力电池、储能和数码等领域，同时探索研发、布局复合铜箔、铝箔等新产品领域，致力于成为全球铜铝箔领跑者。泰兴基地获2019年省级战略性新兴产业，是省级工程技术研究中心，拥有三十余项专利，获得多项省科技进步奖，宜宾基地规划产能6万吨，一期3万吨2023年投产。

Far East Copper Foil was founded in 1986. It has two production bases in Taixing, Jiangsu Province and Yibin, Sichuan Province. We focus on producing high precision ultra-thin lithium electric copper foil, and the planning total capacity is 75000 tons. The products are mainly used in high performance power batteries, energy storage and digital. At the same time, we explore the new development and layout of composite copper foil, aluminum foil, etc. Committed to becoming a global leader in copper and aluminum foil. Taixing production base won the provincial strategic emerging industry in 2019, and is a provincial engineering technology research center, with more than 30 patents and a number of provincial science and technology progress awards. Yibin production base has a planned production capacity of 60000 tons, and the first phase of 30000 tons will be put into production in 2023.

03/ 智慧机场 Smart Airport

● 北京京航安机场工程有限公司
Beijing Jinghang'an Airport Engineering Co., Ltd.

● 北京天羿机场设计咨询有限公司
Beijing Tianyi Airport Design Consulting Co., Ltd.

北京京航安机场工程有限公司成立于2002年，是始终深耕于民航机场建设领域的专业化工程公司。公司现有注册建造师、注册造价师、高级工程师等专业技术人才400余名，拥有先进的施工机械设备、仪器仪表等配套技术装备，具有较强的深化设计、技术研究和工艺创新能力，具备在4F飞行等级机场和不停航条件下组织工程建设的丰富经验和雄厚技术实力。公司拥有各类技术专利和软著83项，持有机场目视助航工程专业承包壹级、民航空管工程及机场弱电系统工程专业承包壹级、机场场道工程专业承包壹级等13项工程资质，是民航专业工程领域的“全壹级资质”企业，在助航灯光等细分领域行业第一，荣获中国建设工程质量领域最高奖项“鲁班奖”。

Founded in 2002 with a registered capital of RMB 200 million, Beijing Jinghang'an Airport Engineering Co., Ltd. is a specialized company in the field of civil airport engineering for the consecutive years. JHA has more than 400 professional and technical talents including certified architect, certified cost engineers, and senior engineers etc, which is highly boosted JHA's ability of detailed design, technical research and innovation. With advanced construction equipment, instrumentation and other supporting technical equipment, JHA gain solid technical strengths in civil engineering construction in 4F flight level airports under the non-suspended conditions. Up to now, JHA has 83 technical patents and software copyright, holds 13 engineering qualifications of professional contracting that awarded Grade 1, including the fields in air ground lighting, air traffic control, extra lower voltage system, and civil work. JHA ranks first in the industry such as navigation lighting, and won the "Luban Prize for Construction Project", the highest award in the field of construction engineering quality in China.

北京天羿机场设计咨询有限公司成立于2019年,是远东控股集团有限公司旗下民航板块的核心成员企业,注册资本2亿元人民币。公司持有民航行业工程设计乙级资质证书,通过了民航局飞行程序设计单位备案,取得了北京市咨询协会颁发的资信评价乙级证书。公司致力于打造机场前期筹建报批、规划研究、机场选址、工程设计、航行服务研究、咨询评审、技术研发、项目总承包以及项目全过程咨询等业务于一体的专业技术团队,为客户提供规模适度、规划长远、定位清晰、布局合理、保障有力的现代化机场项目设计咨询服务。

Established in 2019, Beijing Tian Yi Airport Design & Consulting Co., Ltd. is a core member of the civil aviation sector of Far East Holding Group Co., Ltd. The company holds a Class B qualification certificate for engineering design in the civil aviation industry, has registered flight procedure design firms of the Civil Aviation Administration, and has obtained a Class B certificate for credit evaluation issued by the Beijing Consulting Association. The company is committed to building a professional and technical team that integrates airport preparation and approval, planning research, airport site selection, engineering design, navigation service research, consulting and evaluation, technology research and development, general contracting and project whole process consulting, etc., to provide clients with modern airport project design and consulting services of appropriate scale, long-term planning, clear positioning, reasonable layout and strong protection.

● 远东买卖宝网络科技有限公司
Far East Trading Pay Network Co., Ltd.

远东买卖宝网络科技有限公司成立于2011年3月，以“买卖宝”电工电气电子商务交易平台、互联网电商、线下实体专卖店和供应链金融为基础服务支撑，全力打造以电线电缆和电工电气行业为核心的全产业链电子商务服务平台。

Far East Trading Pay Network Co., Ltd. was established in March 2011. By using "mmbao.com", an e-commerce transaction platform for electrical and electronic products, the Internet e-commerce, physical exclusive shops and the supply chain finance as the support for basic service, it makes every effort to build itself into an e-commerce service platform with a complete industry chain taking wire and cable and electrical and electronic industries as the core.

买卖宝平台

www.mmbao.com

买卖宝是以电线电缆的定制、现货、配套金具附件、家装线及电工电气等产品的采购和销售为主体的全球领先的电工电气电子商务平台，为电线电缆企业、电工电气企业、电工电气经销商及终端客户提供采购、销售、支付、物流、质检及金融等相关服务为一体的一站式解决方案。

www.mmbao.com is a global leading electrical&electronics e-commerce platform which mainly engaged in the purchase and sale of the customization of cables and wires, prompt cables and wires, assorted hardware fittings, home wires and electrical&electronics products. It aims to provide one-stop solutions of purchase, sale, payment, logistics, quality inspection, finance and other related services for cable and wire enterprises, electric&electronics enterprises, distributor of electric&electronics and terminal clients.
